

## Well equipped Laboratories :-

**1. Physics Lab:** The school's physics lab is beautifully designed, well-ventilated, and fully equipped with high-quality apparatus and modern instruments, fostering a hands-on learning environment.

**2. Chemistry Lab:** The chemistry lab adheres to CBSE norms and features the latest equipment, encouraging students to enhance their analytical skills through practical experiments and exploration.

**3. Biology Lab:** The biology lab is equipped with modern amenities to support an in-depth understanding of the practical aspects of living organisms. It meets all CBSE standards, promoting experiential learning in life sciences.

**4. Computer Lab:** Lucky Children Sr. Sec. School offers an upgraded and expansive computer lab to provide students with high-quality computer education. The lab includes window-based courses, enabling students to stay updated with the latest technology.

### Holistic Learning Approach :

At LCSSS, learning is not merely a cognitive process. The school recognizes that emotional engagement with educational experiences fosters true learning. Teachers facilitate this process by creating opportunities for students to connect their feelings with their studies, ensuring a holistic and enriching educational journey.

## INTRODUCTION OF SCHOOL WITH THE MESSAGE OF MANAGEMENT

One of the most eminent and trusted names in the field of education in Puranpur is Lucky Children Sr. Sec. School. Nestled in a lush green, sprawling campus of 3.5 acres along the serene and pollution-free environment of Pilibhit Road, Puranpur, this CBSE-affiliated co-educational institution has been growing steadily, imparting quality education enriched with Indian culture. The school focuses on nurturing the multidimensional personalities of its students.

At Lucky Children Sr. Sec. School, a team of highly skilled and dedicated teachers introduces students to a new world of academics and personality development. These educators inspire innovative thinking and open young minds to explore creative and inspiring ideas.

The teachers are well-qualified and trained in accordance with CBSE, NCERT, NEP-2020, and NCrf-2022/23 guidelines. The school management and principal ensure a conducive learning environment for both teachers and students. The teaching-learning process is student-centered, focusing on individual attention to academics and extra-curricular activities.

The school shares its academic and extra-curricular activity calendar with students and parents, encouraging parental involvement to help students excel in their areas of interest. Additionally, regular counseling sessions are conducted to address the specific needs of the students.

The early years program aims to spark curiosity and love for learning among young learners. Sensory activities such as hearing, playing, seeing, and doing are emphasized, helping tiny-tots develop foundational skills and self-learning abilities through observation, analysis, and practice.
